Message from the President:

Wow – what a year! Our agency has come so far from where we were just one short year ago!

I'm so proud and humbled to be the President of the Board of Directors in Children's Harbor's 100th year. We have so much to be proud of as we celebrate 100 years of giving all children access to quality early care and education! First, we've made huge strides at increasing awareness across our community. Our small, yet mighty Board of Directors has been focused on fundraising and board development to take Children's Harbor to the next level. With the Hampton Roads Community Foundation's Building Excellence grant, we've learned how to reach out to our community to help our organization grow.

Our centers have continued to improve the quality care that they give to the children that we serve. The centers have received and maintained quality ratings. Our staff has grown personally through many hours of training and putting 110% into their jobs on a daily basis.

Our Safe Harbor Awards event was absolutely wonderful! We had many volunteers and staff contributing countless hours to make our 10th Annual Safe Harbor Awards the most successful to date.

In order to celebrate our 100th Birthday, the staff and children have participated in many "100" activities like planting 100 daffodils, painting 100 hands, and putting 100 squares into a Children's Harbor quilt.

When I kicked off my 2nd year as president in September, 2010, my theme for the year was "Fill the Gap". We desperately needed to Fill the Gap on our Board of Directors, on our financial statement, and in our centers. I'm so proud to say that we have accomplished all of those goals! We obtained over \$200,000 in pledges and donations from individuals, corporations, sponsorships, and grants; we've brought on some amazing board members who will start this summer; and we've excelled in quality care in our centers, our training program and our USDA program.

Now is a wonderful time to get involved in Children's Harbor. We are doing amazing things and we continuously need support so we can continue to provide quality care and education to all children in Hampton Roads!!
